P and C Meeting

Monday, November 22nd 2021

Principal's Report

Acknowledgement of country

I would like to begin by acknowledging the Traditional Custodians of the land on which we all meet on today, both here and for those at home, and pay my respects to the Elders, past and present and of course, future.

Operational

14 days to go after today

Year 12 are done (and hopefully not causing havoc at schoolies).

Year 10 and 11 finish next week. They're off to Dreamworld soon to celebrate.

Year 5 are currently on camp, with a few photos being sent back this afternoon of them coping with the wetter weather.

We almost have all of our 2022 plans ready, ahead of where we were last year, even though it doesn't feel like it.

- Stationery lists are out.
- Uniform shop bookings went out today.
- Staffing and timetabling is almost all done, which is very nice.

We had a lovely awards ceremony and graduation ceremony since we last met.

Year 12 handled their exams in here beautifully, we will look to do that each year to maintain some calmness for them.

Air Conditioning Update:

I think that the air con is definitely adding stress to the team.

We are ahead of schedule in every other area, but it feels like terrorists are torturing us or something

*** waking up at 4:30 with the mind ticking over, the emails are relentless, meaning other things are somewhat missed ***

*** shoes off in the office

*** printing emails (action is definitely taking longer at the moment)

Air conditioning is progressing nicely.

Not many buildings left, which is very very nice.

Teachers on the Junior Campus have been moving to their 2022 home, which is saving a lot of drama later.

New Hall Update:

The new hall is now in the stage of being priced and then presented to the approval team for a final sign off.

Teaching

Our Teaching team have been having 2022 conversations, with planning days starting up and the transfers in to the College joining us for a day very soon.

Capability

We continue with our work in professional development for literacy skills and case management;

A teaching and learning hub is being developed on the other side of this building, and under B Block on Junior Campus to allow a space for professional conversations to happen.

Partners

Book week was just MASSIVE.

The Cross Campus partnership was beautiful to see.

We also had Michelle Worthington (local author) work with our young writers, and maybe play a game of chess with a certain young man, Kevin.

Wellbeing

2021 has been a massive year for our staff.

It's been the biggest year for the team to be vulnerable human beings, actual people.

More than I have ever seen before

After chatting to my mum after the last P and C about the shortage, she questioned if it was my fault... so thought I'd share some info so that you knew this wasn't a management issue, and why people are having time away.

- Some people have been promoted to other schools (which is great)
- Some people have had babies
- One person is having a baby with some significant morning sickness
- A couple of people have babies and toddlers that are having significant time off from daycare because of frequent fevers / illnesses
- A couple of people were having babies but then not having babies
- One person got to have her honeymoon because she could travel briefly!
- One person had their house significantly damaged in a storm, and is still being repaired many many months later (a day here and a day there).
- A number of people have sustained injuries, completely unrelated to work but needed significant time off
- A small number of people have sustained injuries, at work (three schools officers with completely separate shoulder injuries)
- Five people, this year, have had, or currently have Cancer (1 a year would be weird)
- Some people have lost their parents, partners or their grown up children
- A 2021 much loved staff member passed away suddenly a few weeks ago
- Some people have just needed time off - the world and the job has exhausted them
- Some people have been stuck interstate or at home because they had dinner at a restaurant that had a confirmed case...
- The list could just continue on and on...

The team are just looking forward to an air-conditioned reset in 2022!

We do have localised shutdowns looming over us, with the 2022 response to confirmed cases highly targeted, so we could have rolling shutdowns of schools at any given times, while the rest of the community continues around us. More on that topic is being released later this week. Lots of uncertainty, and we are already being told to pack everything up on a daily basis.

Performance

School Opinion Survey is out and really positive. This year, some of the information has been divided across the two Campuses, which is something that Bronwyn, Brad and I wanted for years. We can start tailoring our response. Part of our meeting structure next year has the various teams unpacking that information and problem-solving, so I thought I'd share our response to the issues that they identify at each meeting.

Thank you to everybody this year for supporting the College.

We are welcoming a significant number of families to the College, because of your positivity in the community. I have interviewed over 150 families, and have at least another 30 families to meet between now and the holidays, and more in January.

CAPALABA STATE COLLEGE
PARENTS & CITIZENS ASSOCIATION

Positive Discipline Parenting Course - Intro Session -

Want to gain the cooperation of your child or students without the power struggles?

Do you need better strategies for those moments when yelling feels like the only thing that works?

Want to rebuild respectful and encouraging relationships with your child or students?

Join us for this FREE INTRO SESSION to find out more about the **Positive Discipline Parenting Course**. This session will explain how the course will help parents and educators with a cache of tools and strategies gain the cooperation of children by examining aspects of their own behaviour, and by empowering children with skills that develop resilience, empathy, self-control and the ability to solve their own problems without tantrums or acting out.

FREE INTRO SESSION VIA ZOOM

**SUNDAY, 5 DECEMBER 2021
10:00AM - 11:30AM (BRISBANE TIME)**
