P and C Meeting

Monday, 15 May 2023 Principal's Report

I acknowledge the traditional custodians of the land we meet today and pay my respects to their past, present and emerging elders. We recognise their continuing connection to the land, waters and community and extend our appreciation for their contributions to the life of this region.

Welcome to Term Two - thank you for the lovely messages while I was away last week too.

I was lucky to be somewhere tropical and bypass last week's cold snap.

You will notice the work on constructing the new multipurpose hall is progressing.

Seeing a turnout of parents at our Restorative Processes guest speaker in week one was lovely. Sheila, the speaker, did several workshops with classes and a session with the leadership team focussing on increasing the voice and support of the victim in an incident (A process called P3 P3 F3).

News from the Junior Campus

We had lots of submissions from the Junior Campus this month.

- 1. We had a very successful Easter Hat Parade.
- 2. After the workshops with Sheila, some teachers practice restorative practice circles in their classrooms and develop their confidence. Changing deep-rooted understanding within a community is a long game. You know I like to count down week fifteen of one hundred and twenty!
- 3. Anna has started Athletics training Monday, Wednesday and Friday with reasonable uptake.
- 4. The Kinetic Energy Dance is on Thursday afternoon. Only small uptake, but very enjoyable. It would be great to get more students involved. \$150 per term.
- 5. Our refreshed Positive Behaviour for Learning committee has had regional support out for training and currently evaluating processes within the school. Students and staff were surveyed as part of the annual process, and the regional staff will return in two weeks to support the development of an action plan based on the feedback. This is inclusive of Restorative Practices.
- 6. Formal class observations have been ongoing this term, with teachers getting feedback on their teaching practices.

- 7. Some staff have also been participating in classroom profiling. A trained Teacher (not a school leader) does the observation and gives confidential feedback. It is an excellent self-reflection tool.
- 8. The Montessori team started regular meetings with Stuart and Amy to discuss the program looking at improving forest school and the overall program going forward, including a top-up of resources and planning for cycle four. The team have spoken very positively about the revegetation.
- 9. Basketball starts Friday afternoon (years 4 6 for free).

Thanks to the P&C for the Mother's Day stall. The children were super keen to get there and treat their mums.

Early years is a buzz of activity! Our under 8's day is coming up on the 18th of May with some great activities planned for the kids. We have invited our local kindergartens and have some of our senior students coming down to help out. It should be an excellent experience for everyone!

We are also starting a "Books and Blanket" reading program to encourage the oral language of our Prep students. All classes are working on poetry this term, and we have seen some "Amazing Alliteration" used in the students writing.
